COMPASSIONATE CANCER CARE PROJECT

SURVEILLANCE & EARLY DETECTION OF BREAST AND CERVICAL CANCER

Post menopause and women aged above 40 are at a high risk of getting afflicted with breast and uterus cancer. This programme is aimed to help these women well in advance by offering free annual screening by Mammography & Pap Smear. This screening is scheduled

for free on second & last Saturday of every month for pre registered women. From July 2014 to June 2024, 897 women have been screened under this project.

Total expenditure on this project
Rs. 9,24,280/- till Sept., 2025.

To promote early detection of cancer, Bhagwan Mahaveer Cancer Hospital & Research Centre (BMCHRC), in association with Cancer Care (Women's Wing), launched the "Cancer Jaanch Aapke Dwar" screening and awareness campaign on January 20, 2023.

This initiative aims to identify the most common cancers in women (Breast, Cervical, and Ovarian) and in men (Oral, Lung, and Prostate) at an early, more treatable stage.

A specially designed cancer screening bus equipped with modern diagnostic facilities travels across Rajasthan to provide free cancer screening services. The bus is

outfitted with advanced equipment including Mammography, X-Ray, Pap Smear, and Hematology Analyzer for tests such as CA-125, PSA, and Complete Blood Count (CBC).

The program covers urban and rural areas across Rajasthan, ensuring access to quality cancer screening for all. Along with free cancer screening, Health Talks, Health Exhibitions, the campaign also includes Cervical Cancer Vaccination Drives to educate the community and encourage preventive healthcare practices.

A total of 312 camps have been organized, in which 29,422 registrations have been recorded till September 2025.
